Air Conditioner with Puron® Refrigerant

MODEL 126B

As an ENERGY STAR® Partner, Bryant Heating & Cooling Systems has determined that this product meets the ENERGY STAR® guidelines for energy efficiency.
Since 1904, Bryant has earned the trust of homeowners by doing whatever it takes to deliver products of superior quality and performance. Thanks to the commitment and dedication of our development and manufacturing teams, American families have learned to count on Bryant for reliable indoor comfort solutions. Today, with environmental awareness and energy costs on the rise, Bryant offers an excellent fit for concerned homeowners: the Model 126B Air Conditioner with Puron® refrigerant.

The Bryant® Model 126B provides worry-free cooling that won’t deplete the Earth’s ozone layer. It delivers savings on your energy bills with 16 SEER cooling efficiency. And it does it all as quietly as the refrigerator in your kitchen. Designed, built and backed by the most trusted name in the business, and installed by your trusted and professional Bryant dealer, the Model 126B Air Conditioner with Puron® refrigerant provides comfort you can enjoy season after season.

Relaxing in the comfort of your home is easy with the Model 126B because this is one durable and reliable air conditioner. Durability is built-in with our DuraGuard™ protection package that looks good for years while protecting the outdoor coil from sports and lawn equipment and more. Inside, corrosion-resistant components and compressor-protection features help ensure this air conditioner delivers comfort when you need it.

In addition, Bryant’s Model 126B provides the peace of mind that comes with choosing a system developed by a company known for its commitment to customer satisfaction. From initial design through product testing and an assembly process that includes our 5-step, 100% run test, we go beyond the industry’s expectations for quality and reliability to be sure that every unit we make measures up to even tougher standards – yours.
**Peace of Mind**

Having a great warranty helps you enjoy your comfort with confidence. Bryant builds trusted reliability into every product, then provides additional peace of mind with excellent warranty protection.

To the original owner, the Bryant® Model 126B air conditioner is covered by a 10-year parts limited warranty upon timely registration of your new equipment.* Ask your Bryant dealer about optional extended warranties, which may include labor.

* Warranty period is 5 years if not registered within 90 days. Jurisdictions where warranty restrictions are not allowed will automatically receive a 10-year parts warranty. See warranty certificate at Bryant.com for complete details.

---

**Perfect Your Comfort with Perfect Humidity®**

The Model 126B is your trusted source for cool comfort. For enhanced control over temperature AND humidity, add a variable-speed furnace or fan coil and our Thermidistat™ Control. This system will give you full, seven-day-a-week programmability and our comfort-enhancing Perfect Humidity® function. Perfect Humidity elevates your comfort by providing up to 30 times the humidity control of standard air conditioner systems.

---

**Environmentally Sound Comfort, Future Savings**

With the Model 126B, you join the growing ranks of homeowners who choose environmentally sound Puron® refrigerant. It's an important consideration because Freon®-22*, the refrigerant most commonly used in air conditioners, is gradually being phased out of existence due to concern over the Earth’s ozone layer. In fact, manufacturers such as Bryant can no longer manufacture Freon-22 products as of January, 2010. While these products may continue to be available as inventories last, costs to service air conditioners using Freon-22 may rise as supplies dwindle. By choosing the Model 126B with Puron refrigerant now, you are helping preserve the ozone layer while protecting yourself from potentially expensive service costs down the road.

* The registered owner of Freon is E.I. Dupont de Nemour & Co.
PURON® REFRIGERANT
Bryant’s environmentally sound refrigerant keeps you cool without depleting the Earth’s ozone layer.

1 ENVIRONMENTALLY SOUND, EXTRA-EFFICIENT
Our scroll compressor is designed for use with Puron® refrigerant to provide quiet, smooth-operating comfort and years of environmentally sound, trouble-free performance.

2 RELIABLE PERFORMANCE
Bryant’s Microtube™ Technology refrigeration system with copper tube/aluminum fin coil maximizes transfer of heat outside your home to ensure cooling efficiency. Coil materials and design minimize chances for rust and corrosion for lasting performance.

3 QUIET OPERATION
Smooth-running scroll compressor features naturally quiet operation that is further reduced with our compressor sound hood.

4 LASTING COMFORT
High-pressure switch and the filter drier protect the unit’s most important single component: the compressor.

5 BUILT TO LAST
Bryant’s DuraGuard™ protection package ensures lasting durability and good looks through years of exposure to weather, sports and lawn equipment and more. Three key elements to this package include: galvanized steel cabinet, baked-on powder paint and steel louvered coil guard.
